

PASTOR'S CORNER

JIM ARBOGAST
FIRST ASSEMBLY OF GOD

THE LIFE GIVER

It is said that few people if any ever lived in greater fear of death than Alfred Krupp, the famed munitions maker, who was really a manufacturer of death. "He never forgave anyone who spoke to him of dying. Every employee throughout his vast works was strictly forbidden to refer to the subject of death in conversation. He held from his own home when a relative of his wife's suddenly died there. When Mrs. Krupp argued against his behavior, he became so enraged that a lifelong separation ensued. At his last sickness, he offered his physician a million dollars if he would prolong his life 10 years. But no amount of money could secure extension of his life."

Jesus Christ, the Prince of Life, came into the world to remove the fear of death. Through His death and resurrection He triumphed over death so that now all Christians can see the truth of 1 Corinthians 15:56, 57, "O death, where is thy sting? O grave, where are thy victory?" Thanks be to God, which giveth us the victory through our Lord Jesus Christ. He has made death a door to being in the very presence of God. One day He will bring an end to the physical effects of death for the redeemed by completing their salvation as the dead in Christ are raised from the grave.

There is a difference in the sorrow of those who sense the hand of the Lord in it and those who do not. There is faith, there is hope, there is love in the world; it is found in Christ and in

Paul, with a greatness born of hardship and suffering, wrote, "Our mouth is open unto you, our heart is enlarged" (2 Corinthians 6:11). An enlarged heart is a serious physical liability, but a great spiritual asset.

When Prince Albert of England died, Queen Victoria, his widow, went into seclusion, overwhelmed with sorrow. One day she heard a poor woman in London who had also lost her husband. She called for a coach and went to the widow's home. When the neighbors asked the widow what the queen had said to her, she replied, "She said nothing. She came in, and sat down, and held my hand and we wept together."

Death, with its sorrow and loss, is a common denominator from which none are exempt. But there is never a sorrow so great the Saviour does not share. And He does more than hold our hand. He brings grace and comfort as none other can.

Agape Players To

Be At

Westview Bapt.

The Agape Players from Lake Wales, FL, will perform at the Westview Baptist Church on the Damascus Highway out of Enterprise on Friday, September 5, at 7 p.m.

Alberton Assembly To Have Sale

Alberton Assembly of God will sponsor a rummage sale and bake sale, Saturday, August 30, in front of the courthouse on the square in Elba.

All proceeds will go to the church building fund.

Back To God Rally To Be Held

The nations that forget God is America and this world doomed? Will the Garden of Eden be saved? Can they be?

There will be a "Back to God" Rally on the Courthouse Square, August 30, 1980 at 2:30 p.m. I have come to reach all the ministers in this area. If I failed to reach you, let me extend to you a cordial invitation to come and be a part of this program. The Bible says "that without vision people perish. You shall know the truth and the truth shall set you free." God says, "Let whosoever will come." There will also be Gospel singing by the Comfort Family. Hoping to see you there.

WAKE UP CITIZENS OF COFFEE COUNTY!

Get involved in your county government! I have been talking to the people in all sections of the county for the past seven weeks. The majority of the people think that most of our elected officials have forgotten who pays their salaries. The county pays none. You and I, the taxpayers, pay all their salaries. The elected officials who voted for a tax; whether it was state or county; should be remembered when we go to the polls. I still believe in government of the people, by the people, for the people; not government dictated to the people.

On Sunday afternoon, August 24, the Methodist Educational Building was the scene of a reception honoring the fifth wedding anniversary of Mr. and Mrs. Roy DeVane. The eight brothers and sisters of Mr. DeVane served as hosts and hostesses for the affair.

Greeting the guests at the entrance were Mrs. James DeVane and Minnie Thagard. Laverne, at the registry table were Mrs. Douglas DeVane, Winter

Haven, Florida; and Mrs. Harold DeVane, Lynn Haven, Florida.

Mr. and Mrs. DeVane received their many friends and relatives from two until four p.m. Mrs. DeVane's cake was a white orchid. Many lovely ferns decorating the room were provided by Mrs. J. P. Martin, and roses in profusion came from the garden of Mr. and Mrs.

Robert Cooper. The serving tables, adorned with white lace cloths over gold undershirts, held flower arrangements of yellow and white daisies and baby's breath. Table appointments from the brass collection of Mrs. Jack Vaughan were used in honor of the occasion.

The three tiered anniversary cake was made and decorated by the couple's Misses Debra and Brenda Wasson, Laverne; and Mrs. Howard Eggers, Fond du Lac, Wisconsin, served the punch. Serving at the cake table were Mrs. Paul Morgan, Montgomery; Mrs. David Moffett, Meridian, Mississippi; Mrs. Timman DeVane, Medfield, Massachusetts; Mrs. Wade Wasson, Laverne; and Mrs. Howard Eggers, Fond du Lac, Wisconsin, served the punch. SCHOOL SAFETY

School is starting. A lot of excited young people will be getting on and off buses during the school year. It seems that most school-related accidents happen early in the season.

All of us who drive in the rural areas as well as in town need to be fully aware that school has started. Caution yourself to stop for school buses and for children who are getting out of cars. It is going to take cautious effort on the part of students, parents, and drivers to prevent an accident. Don't let it happen!

FOR YOU Don't forget the Annual Field Crops Day to be held over at Headland Tuesday, August 26. The program will begin at 9:00 a.m. and end

around 2:30.

What will you be able to see on this tour? The program planners have included a no-till corn and grain sorghum double cropped tour. You will also see some demonstrations on disease control in both soybeans and peanuts. You will see nematode control in peanuts plus other things. The folks at the station have arranged a super program. I hope you can be there.

FALL POTATOES

We don't have fall seed Irish potatoes available. There is so little demand for these, says Dean Bond, gardening specialist at Auburn, that our dealers don't stick them.

However, if you want to use some of your own spring grown potatoes for planting, this will work out fine. To treat your potatoes, get a small amount of gibberellic acid and use at the rate of one-eighth of an ounce per nine gallons of water. If you have further questions, call us at 894-5596 or 897-2776.

BEST TIME

L. C. Hoffman, an official of the Alabama Air Pollution Control Commission, is greatly concerned about some of our poultry producers burning dead birds at night. He said that burning chickens at night affects the quality of the air much more severely than burning a

round noon time.

During the past two months, growers have lost thousands of chickens. Open burning of chickens is actually not authorized by the Air Commission, but due to the severe conditions this is being allowed this year.

ARROWLEAF CLOVER SEED

Nix Bailey of Route 2, Opp, has some Tucci Arrowleaf Clover seed for sale. He is getting a germination test run and has already had the seed cleaned. They should be high quality, locally grown seed.

Bailey has been highly successful in growing arrowleaf clover in rye and ryegrass mixtures planted in September. He has also used this clover overseeded in Bahia and Coastal Bermuda pastures. Normally, this is done after October 15 when the grass has died down or been bushhogged or grazed off.

Research shows that just a little clover in a grass sod will give about an extra 1/2 pound gain of beef per day. Clover adds large amounts of extremely high quality protein to the ration. In addition, it provides nitrogen to the grass crops. If you are interested in getting some of these seed from Bailey, contact him or me.

ASCS Administrators

State committees and state executive directors of the Agricultural Stabilization and Conservation Service will review federal farm programs and their role in American and world agriculture at a conference here August 26-28. Secretary of Agriculture Bob Bergland said.

Bergland said about 170 farmers who serve on the ASCS state committee plus state executive directors are expected to attend. Bergland, U.S. Senators Herman Talmadge and Tom Eagleton and Congressman Jamie L. Whitten, Tom Foley and Charles Ross will be among these addressing the group.

"As we move into the last year of administering the programs of the Food and Agriculture Act of 1977, we are looking toward new legislation to meet the needs of U.S. Agriculture in a world of expanding demand and accelerating production costs," Bergland said. "We'll be able to review program goals and achievements as well as look to the future. We will be hearing about the legislative, administrative and policy-making processes that affect farm programs and agriculture as a whole. We will be able to discuss policies and goals with top officials in USDA and U.S. senators and representatives."

The last national meeting for state committees and directors was held in 1978. State committees composed of farmers appointed by the Secretary of Agriculture work with full-time state directors to administer federal farm programs in their states. Locally elected committees for farmers and full-time staffs run the programs in about 2,700 counties.

HOME STUDY COURSE

Have your home record keeping and money management responsibilities been a nightmare to you? Would you like to do something about it? If so, you'll want to enroll in our home study course, "Money Management Makes Cents." This is a free program consisting of 6 lessons which are mailed to you.

A class will begin in September. If you would like additional information, call 894-5596 or 897-2776.

STORING HEIRLOOMS

Chances are that you have old heirloom quilts, quilts, afghans, blankets, and linens in your home that you'd like to store. If you need special care to keep them from becoming damaged, this is especially true if you are storing the articles.

Follow these tips when storing old quilts and other coverings. Choose a place free of moisture, rodents, insects and extreme heat.

Wash or clean the articles before storing. Don't fold them more than is necessary. Folding can damage the threads. Change the position of the folds occasionally.

Wrap them in undyed muslin, an old sheet or an old pillow case. Don't use regular tissue paper and cardboard boxes. They are made of wood that is acidic and acid destroys cotton and linen.

Instead, use special papers and boxes that can be purchased at dry cleaning stores. Don't use air-tight plastic bags for storing the articles. These bags can cause streaking and mildew. Keep the articles away from strong sunlight—it weakens and fades the material. Antique samplers and wall hangings should be kept under glass, sealed against dust and air.

Air your heirlooms periodically to avoid mold or mildew.

BOSTON FERN CARE

Do you have Boston fern plants? If runners are growing over the edge of the pot, use them to start new plants. To do this, fill another pot with soil and place it next to the fern. Put the runner

venting forest wildfires, requires that before any fields, grasslands, woodlands, or new ground lying within 25 feet of natural combustible material, be burned, a permit must be obtained from the Alabama Forestry Commission. Permits may be secured by calling the AFC's toll free number, 1-800-922-7688. In order to receive the permit, the applicant must have the legal description of the site to be burned including the section, township and range. In this state, debris burning is the second most frequent cause of wildfires, surpassed only by arson. This law also imposes a stiffer felony penalty for convicted arsonists with fines up to \$5,000 and/or up to ten years in prison.

"Forestry is the largest manufacturing industry in Alabama in terms of jobs provided and economic contribution to the state," according to State Forester C.W. Moody. "And it is essential that we be able to provide protection to that industry and to forest landowners. This law, we believe, will enable us to reduce the number of wildfires started from carelessness and thereby provide better overall protection to our forests."

Before a permit is issued the requesting party must have the capabilities of controlling the fire for as long as it burns. If, after the permit has been issued, the fire escapes and it is discovered that adequate precaution, supervision, or equipment

was not used, a case will be brought against the offender. Burn permits will be routinely issued to local residents by the District AFC Operations Center as long as the burning is in compliance with the law-until existing conditions prove routine burning to be hazardous. If the State Forester declares the fire condition of an area to be an emergency situation, then burn permits will be issued at the discretion and close scrutiny of the District AFC Operations Center.

AFC Rangers are available to assist with problems involving burnings, and answer questions concerning the new regulation.

Those from Elba receiving degrees are Donna Lynn McColough and Dianne Smith.

Elba Tigers To Field A Veteran Squad In Quest For 3A Crown

With 14 starters returning from last season's South Alabama Conference championship team, Elba High Coach Mack Wood is holding more aces than a riverboat gambler.

The Tigers, who were picked to be in the top 4 in the conference race, won their last 6 regular season games for a 9-1 record. Wood's team also earned a berth in the state Class 3A football playoffs, and had several players who received statewide acclaim.

Offense should again be a strong point as the Tigers return their awesome 1-2 punch of Don Horstead and Bobby English. Horstead, a 5-10, 185-pound speedster, was an All-State selection last year in every paper in the state and was named "Offensive Player of the Year" by *The Dothan Eagle*. Horstead, a senior, is billed as one of the top college prospects in the South, and one look at his statistics will tell you why! In his two years as a starter, Horstead rushed for 2,801 yards and scored 37 touchdowns. Opposing defense's keyed on the speedster last season, but he still tallied 19 touchdowns and gained nearly 7 yards a carry.

English, a burly 5-11, 190-pound fullback, found plenty of opposition in the middle of defenses, but just bulldozed and scratched his way to gain 801 yards in 137 carries. English added 5 touchdowns and took some pressure off his highly publicized running mate. This 1-2 punch gives the Tigers enough power to keep opposing coaches up nights worrying about how to stop 'em! The Elba offensive line will have some new faces, but will be anchored by returnees Mason Morrow and Greg Hudson. Morrow, called by an opposing coach, "the best center in the state," is 6-0, 175-pounds and is a devastating player in the middle. Hudson is small for an offensive lineman at 5-10, 160-pounds, but is quick and is a good blocker with the speed to lead Elba's speedy backs around the corner. Shane Meek, Dwayne Rushing, and Steve Whitehurst are all battling for the other guard slot, and the trio should be more than capable of filling the hole. At the tackle position, it appears David Dorsey will hold down one spot, while three young players will battle for the other job. Dorsey, a 6-1, 220-pounder, missed much of last season with injuries, but has looked good in fall drills and should be a top-notch player. Morris Davis, Brett Scarbrough, and Ken Owens are all battling for the other spot and any of the youngsters should be able to fill the bill.

Dale Stinson returns at flanker and has the tools to be an outstanding performer. Stinson (5-10, 165) is a solid blocker, a sure-handed receiver and a speedy back with true breakaway speed. Chris English, an all-SAC performer last season, is back at tight-end, and is a college prospect at 6-3,

200-pounds. English caught 12 passes for 264 yards and 3 touchdowns last year, but underwent knee surgery during the summer and is still far from being back at full speed. Ted Horstead (6-0, 170) has been getting a lot of work at the tight-end post and is more than capable of stepping in and being an outstanding end.

A major concern on offense is at the quarterback position where Russell Kelley and Mike Amison must fill the shoes of graduated Alan King. Kelley (5-11, 170) was the back-up quarterback last season and looked good, but saw only limited action. Kelley carried the ball 8 times and averaged nearly 10 yards a carry, but threw only 2 passes, both of which fell incomplete. Amison was a defensive back last season, but is a former junior high signal caller, and with experience should prove to be a fine player.

"Our offense is not as far along as I'd like it to be," stated Wood in a recent interview, "but it looks favorable. We've got 2 returning backs and also our starting flanker, but we'll be basically an inexperienced team on offense. In the line, all we return is our center and one tackle, so you can tell we have to do a lot of work. We will put in a few new things on offense, but we don't plan on doing a lot of changing."

The Tiger defense wasn't a dominating force last season, but with 8 starters returning, things should be different in 1980. Four of five starters return in the line, led by ALL-SAC middle-guard Eddie Coleman. Coleman (5-10, 170) is as quick as a cat, and last season he had 93 solo tackles, 22 assists and recovered 5 fumbles. Shoring up the middle of the defense will be tackles Doug Daniels and David Suttley, a dynamic combination that could prove to be the keys to the Tigers' success. Daniels (6-4, 225) is a 2-year starter with unlimited potential, while Suttley (5-9, 190) is as solid as a rock and may be the team's best all around player. Stuart Bane (6-2, 180) returns at defensive end, and he always has a nose for the ball and is a big-play performer. Battling for the other defensive end post is Ted Horstead (a multi-talented player), along with newcomers Terry Spicer and John McArthur, both of who had excellent practices in the spring.

Phil Hayes (5-10, 175) anchors the linebacking corps and is a definite ALL-SAC contender. Hayes was involved in 40 tackles last season and should get plenty of help from Hal Brunson, Ted Horstead, Greg Hudson, and Alvin Jones, all expected to see action.

In the defensive secondary, three starters return to make up what should be a solid squad. Wayne Parker (5-11, 170) returns at cornerback along with Troy Brown (5-9, 150), while safety Mike Amison is also returning to give the Tigers an exper-

ience crew. Derrick Boutwell, Mike Smith, and Buddy Clark should all see plenty of playing time, and Don Horstead has been getting in a lot of work at safety.

"Our defense was inconsistent last year," stated Coach Wood, "but at this point, it seems to be on schedule. We have a more experienced bunch, and we look in good shape in the line and at linebacker. We have a veteran line in Doug (Daniels), David (Suttley), and Eddie (Coleman), and Phil (Hayes) should prove to be a leader at linebacker. There are some new faces in the secondary, but the kids have been working hard, and we look a lot quicker than in the past."

When asked about this year's schedule, Wood answered, "It is basically the same as last year's, of course, we replaced Daleville with Evergreen, who won their Area championship last season. A couple of teams we don't know much about, but all the teams in the area will be improved. I don't know how much better Andalusia, Troy, and Opp can get! We're taking this just like every other year. It's just like building a house; you start with the foundation and go from there!"

The Elba Tigers are building a solid foundation and could just be building a home for the state 3A championship!

1980-81 Elba High Cheerleaders are (front row) Beverly Boutwell, Allison Campbell, Mascot and Beverly Daniels. (Second row) Lynn Mills, Sandi Williams and Cynthia Ware. (Top) Patricia Daniels and Donna Haley.

I am **H.F. CARDWELL** a candidate for Coffee County Commissioner District 4, Place 2.

Citizens of Coffee County

During the past few weeks of my campaign I have been busy bringing out what I feel will help Coffee County.

Such are the following:

Proper decisions through careful thought in government -
The people of Coffee County considered in government affairs -

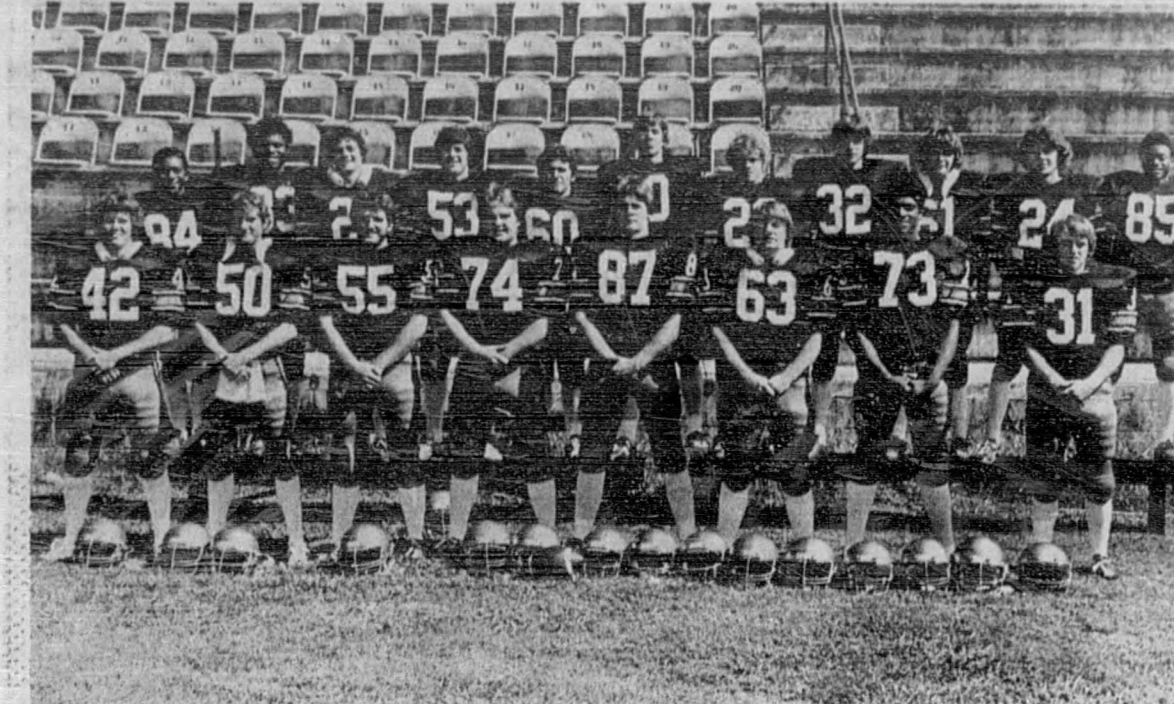

A good road system throughout Coffee County -
An industrious Coffee County, which I feel will help the people of Coffee County, as well as help the county's economic problems -

An improved level of education in Coffee County -

An interest and concern towards our senior citizens - Improving the quality of life for them.

I hope to see all of you before the September 2nd election. If I fail to see you before then, I hope you will consider this appreciation for your vote and support in the upcoming election.

Seniors on the 1980 Elba Tiger team include ... (L-R) Bobby English, Stuart Bane, Mason Morrow, David Dorsey, Chris English, Phil Hayes, Doug Daniels and Troy Brown. Back row (L-R) Alvin Jones, Don Horstead, Dale Stinson, Greg Hudson, David Suttley, Russell Kelley, Scotty Farmer, Wayne Parker, Steve Whitehurst, Derrick Boutwell and Eddie Coleman.

Members of the Gamecock offense include (Kneeling) Donny Danford, Ricky Sipper, Keith Roberts and Larry Pattman. (Standing) Maxie Whitaker, Tim Grant, Kenneth Nolin, Joe Godwin, Stacey Kelley, Robby Shepard, Glen Foster and Jamie Hutto.

1980 BRANTLEY BULLDOGS

Spring did a lot more than sprout flowers and corn in this Crenshaw County town. It brought with it a new football coach in Paul Woolley, a veteran of more than 20 seasons, and a renewed winning spirit in the Brantley football family!

"We had a real good spring practice and played well in the jamboree," stated Coach Woolley, "and we hope to carry it over into the fall."

Not only what he saw in the spring, what he's seen in fall practice has upped Woolley's spirits. In the spring, the Brantley defense completely stole the show in the jamboree, and in the fall the speedy Bulldog backs have been equally impressive. The sparkplug of the Brantley offense will be Terry Pease, a tailback who rushed for over 1,200 yards last season and was the only

bright-spot in his team's disappointing 3-7 record. Other offensive standouts this season should be Dwayne Pitts, Willie Adams, Mark Hill, Ricky Beck and Dwight Pitts.

The "Big Green Defense" showed its power in the spring, and should be the team's strongpoint. Heading up the defense will be Ricky Hall, Andrew Bennett, Ricky Hudson, Mike Jones, J.J. Foster, Terry Pease and Dwayne Pitts.

Sportswriters Surprise Football Fans By Picking Elba Tigers No. 1

The Alabama Sportswriters Association released its pre-season High School Football Poll last week, and the board of 10 sportswriters from across the state picked Enterprise, Elba, Stevenson, and Billingsley to win state crowns in their respective classes.

Enterprise, the 4A champ in 1979, was picked to repeat as champs by 8 writers, while the other 2 votes went to Vestavia Hills, last season's 4-A runner-up.

Elba, who posted a 9-2 slate last year, was a surprise pick in 3A, but Coach Mack Wood's Tigers received 6 first place votes to claim the top spot by a wide margin. The Tigers have one of the state's top runners in Don Horstead, and running behind a veteran line, he could be headed for his best season ever. Colbert County placed second in the poll and received 1 first place vote, as did Eufaula, Jackson, and Oxford.

In 2A, defending champion Stevenson was almost a unanimous pick for first place. The powerhouse received 9 first place votes and 99 of a possible 100 points. Cottonwood received the other top vote and was picked to be in the number two slot.

Billingsley, 12-1 last year, received only 1 first place vote, but tallied 56 points to nose out Hazlewood

Kinston Bulldogs Expecting A Banner Season In 1980

Kinston's Coaching Staff includes Rick Rainer (kneeling), Tim Archie (L) and Donnie Rogers (R).

Our offense looks good on paper, said Coach Rick Rainer, "and at times good on the field. I feel like we can score points. We'll do basically the same things we did last year on offense, and

The Kinston Bulldogs have been going along winning a couple of games each year, but last year they showed signs of snapping to attention. Now despite a squad small in number with obvious depth problems, they think they are ready to make a move and improve on 1979's 2-8 record.

A very contagious infection has slowed the Bulldogs down recently, but Coach Rick Rainer reports the problem is over that his squad has more depth. He also has more speed, more size, more of just about everything. Maybe there is room for optimism!

The quarterbacking in Bulldog country should be competent. Darrell Wilkerson (6-0, 165) was the top passer in the state in Class A last year before a severe neck injury ended his season after only 5 games. Wilkerson is now back to his old self and ready to make his senior season one to remember. Sophomore Darren Smith came on strong in spring training, and despite his lack of size (5-9, 155), should see a lot of action this fall. The big news of fall drills has been the running of Jimmy Rogers, Larry Hattaway, and Albert Wilson. Rogers (5-9, 160) was the team's leading runner last year with 838 yards, while Hattaway (5-11, 165) came off the bench late in the season to gain 470 yards from his fullback post. Wilson (5-8, 145) is the fastest man on the team (4.6 in the 40) and will see a lot of action at tailback.

An able receiving corps is headed by swift Scott Sansom (6-2, 175) who has good hands and who is a solid blocker. Jeff Rhodes (6-4, 185) holds down the tight-end position and can go way-up to catch the jump-pass and beat his man deep for the long bomb.

Tackle Kris Bowden, a 6-3, 220-pound, "Hulk" anchors the Bulldogs' line, and he is a definite major college prospect. Also making up Kinston's offensive line are Chris Weeks (6-1, 200) at guard, Johnny Wiggins (5-9, 160) at center, Kenny Davis (5-11, 160) at guard, and Mike Carley (5-10, 185) at tackle.

"Our offense looks good on paper," said Coach Rick Rainer, "and at times good on the field. I feel like we can score points. We'll do basically the same things we did last year on offense, and

that means throw the ball a lot. We've got three good receivers and two good passers, and I'll promise you we'll put it up. I feel we have the speed to get outside, and since we're not big, we'll try to hit the corners. We are going to use a multiple offense and hit our opponents where it will do the most damage!"

The Bulldogs will have to use most of their players on defense, too, but Coach Rainer does have a pair of linemen who will be ready on defense. They are Roger Harrison (6-2, 180) at tackle and Ronald Thorn (5-11, 210) at middle guard.

"We put a lot of emphasis on defense in the spring and summer," added Rainer, "and I feel defense is the key to the season. I'm expecting our defense to show a lot of improvement from last season, mainly because we've got a square dominated by seniors (8 seniors and 3 juniors). Last year we lost several games because we gave up a lot of points early in the game and couldn't catch-up."

The Bulldogs' schedule is identical to last year's, but Rainer reports the tough schedule has cost him many hours of sleep.

"We open with three

tough games," said Rainer, "and they will set the tone for the rest of the season. The opening games are against Houston Academy (ranked 3rd), Zion Chapel (defending Region champs), and Arton (the team to beat in Area 5), and they will provide a big challenge for us."

"We only have 25 players out," added Rainer, "and we've had to practice around rain and work being done on the field. We've had some real good days and a few bad ones, but we've got a lot of things accomplished, and we're close to being where I want to be. We still have a lot of work to do on the kicking game, but we have two good punters and place-kickers in Rogers and Wilkerson, and I expect it to fall in place. The only concern is about an infection that is going through the players, but I hope it has about run its course."

When asked about the season opener with Houston Academy, Coach Rainer replied, "I expect them to come down ready to play, and I know it will be tough. They have a good team and a very good runner in Jon Thomas, and they will get after us. We'll have to win, they won't give it to us! For

Senior members of the Kinston Bulldogs include (front row, L-R) Mike Carley, Jimmy Rogers, Kenny Davis, Johnny Wiggins, and Larry Hattaway. (Back row, L-R) Kris Bowden, Scott Sansom, Jeff Rhodes, Roger Harrison and Chris Weeks.

us to win, we'll have to keep the ball off the ground on offense and work on defense. I look for a good, close game, and I hope we have a big crowd to fire us up."

The game is tomorrow night, August 29, in Kinston at 7:30.

New Brockton's Coach Boutwell Reports Gamecocks May Be Headed For A Long Season

There are very few things Coach Leary Boutwell could do to make 1980 as successful as 1979. Never before had the Gamecocks: (1) posted a winning record, much less claim 9 wins in 10 games; (2) advanced as far as fourth in the state in Class 2A, and finished in the top 10; (3) placed second in the Southeast Alabama Conference in football.

And, had 5 starters named to the All-Conference team. However, the Cinderella team of 1979 has turned back into a pumpkin, and Coach Boutwell reports his team in far from being ready to ripen!

"It is going to take all we can do to compete," stated Boutwell, "we lost everything. It's a total rebuilding project. We face a very tough schedule, and everybody we face could embarrass us. All the teams on our schedule are expecting their best year ever, and you can bet they don't intend for New Brockton to knock 'em off. We are still playing a 1A schedule because we don't have enough boys who care about football to be a solid 2A club. I can't see us playing a 2A schedule until we can get all our athletes in the program."

We open against Wicksburg, added Coach Boutwell, "and they think this is their year, then comes Arton, who is picked to win everything. Goshen, who has the top passing team in the state in 2A, and Houston Academy, a team that made the playoffs last year and is picked third in the state this year. Doster has a new coach and will have a much improved team. Freeport has everybody back and will be

tough, Zion Chapel has 18 seniors and won the Region last year, and Straughn beat us last year and lost only 2 starters. We then close-out the year against Kinston, the most talented team in Class A in this part of the state, and G.W. Long, who lost only 1 starter and should be better than ever!"

The Gamecocks return only two starters from last year's team on offense and also have two back on defense. Keith Roberts (5-10, 150) returns at quarterback and cornerback. Joseph Godwin (6-0, 175) at offensive tackle and Stacey Kelley (6-0, 155) at defensive tackle. Kevin Weeks (tight-end) and Ricky Sipper (safety) saw limited action last season and are back to provide experience, which is badly needed.

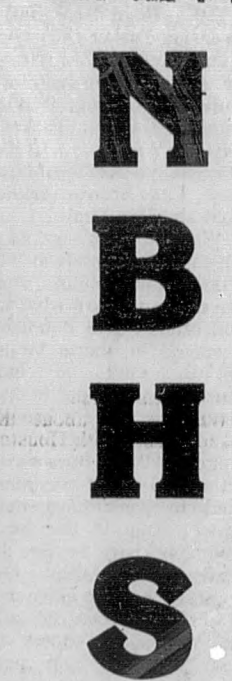

"We started fall practice with only 28 players," said Boutwell, "and that includes 5 ninth-graders. Fall practice has gone just terrible! We've had everything happen that you could think of, and was all bad. For example: David Gray (RB) had an appendectomy last week; Stacey Kelley (T) has a bruised rib, Jamie Hutto (FB) had an appendectomy two weeks ago; Maxie Whitaker (T) has a bruised knee; Tim Gran (T) got bitten by a rabid cat; Larry Patterson (G) has a strained knee; Ricky Sipper (RB) has ulcers and is too weak to practice; and Bobby Bryant (G) cut off two toes during the summer and can't run."

"We don't have enough boys to scrimmage," continued Coach Boutwell, "but that is okay because everyone we hit, somebody gets hurt. We haven't gone out in pads in two weeks, and won't until gametime. If we

could play in shorts, we might be hard to beat! We just try to teach our young kids something at every practice and hope for the best. On offense, we'll try to find something that will complement Joseph Burrows. He has looked good running and has real good speed. We also have three young backs in Mike Dunaway, Ronnie Gilley and Kelley Tindol who are working hard. To be honest, I don't know what we'll do on offense."

"On defense," said Boutwell, "we don't have the personnel to run a 4-4 or a 5-0, but we'll probably line up in a 5-0. We're going to stunt every play so we can be in two places at once. We haven't worked on defense; all we've done is go through the motions. Our kicking game won us some games last year, but this year it is non-existent. I put a HELP WANTED sign in the halls last spring, but nobody wanted the job. We've got one boy who can punt past the line of scrimmage, and we'll find someone to bounce it for kicks."

When asked about the season opener against Wicksburg, Coach Boutwell said, "They are loaded. They have a transfer quarterback from Hartford who is a good one, and they have quick backs to run behind an experienced offensive line. The whole team is hungry to win. If we're to have a chance to win, we have to give it all we've got and not make any stupid mistakes. It's going to be tough on our young kids, but we'll get after 'em and see what happens. We may not win a game, but we'll all be giving 100% from the coaches down to the water boys."

Brockton sophomores expected to see a lot of action include (L-R) Perry Hines, Bill Dunaway, Jol'ny Sewell, Bobby Bryant, Bobby Smith, Ronnie Gilley, Mike Dunaway, David Graves and Brad A. Adshaw.

ELBA ATTORNEY CENSURED

The Disciplinary Board of the Alabama State Bar hereby publicly censures Attorney Jackson W. Stokes, who practices law in Elba, Alabama. Mr. Stokes recently pleaded guilty before the Disciplinary Board of the Alabama State Bar to misappropriating the funds of a client in excess of \$2500.00. Mr. Stokes failed to promptly pay over the funds to his client, improperly held these funds for 4½ years, and paid them after the client sued him for the funds.

Before you buy that Homeowner policy with the "New Home Discount,"

talk to your Cotton States agent, and compare his Homeowner plan to the one you're considering. Whether your home is brand new or several years old, your Cotton States agent is committed to providing the most complete and the most affordable Homeowner protection for you. And he might have the answer to some questions that could make a big difference in your premium rate. For example:

- Yes, we do give discounts for safety installations like burglar and fire alarms.
- We offer liberal credits for higher deductibles. Your credit is figured on a straight percentage, without a maximum amount of discount.
- With a Cotton States policy everyone—not just owners of new homes—has the advantages of our low, competitive rates.
- Cotton States does not automatically raise your rates to "guard against inflation." We offer you the opportunity to decide when and how much you want to increase your insurance coverage.

Don't settle for the policy that sounds the least expensive. You deserve more than that for your money.

You deserve answers.

Florida Bass Growing Big In Alabama Lakes

Nearly 1.5 million Florida bass, a subspecies of large-mouth bass, have been stocked into Alabama waters since 1966, according to records of Game and Fish Division.

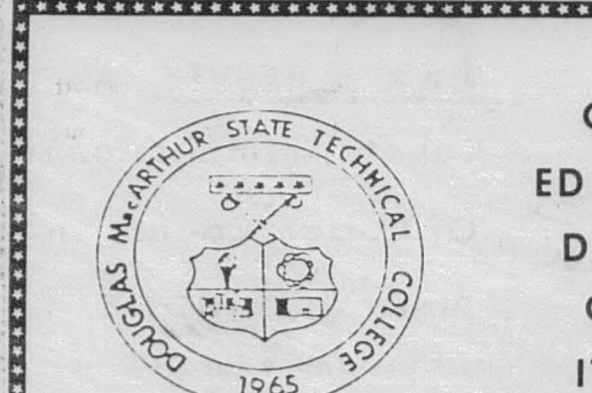

Department of Conservation and Natural Resources. These Florida bass fingerlings have been stocked throughout the state in farm ponds, state-owned public fishing lakes and in new public reservoirs.

The Florida subspecies has been of recent interest to fishermen and fishery biologists. The Game and Fish Division began research on the Florida bass in 1969, comparing it to our native northern largemouth. The results of this study showed the Florida bass was equal to or better than our native bass in maintaining "balance" in bass-bluegill populations. This study also showed that exceptional growth was exhibited in some individuals of the Florida bass and hybrids, or intergrades between Florida and northern bass. Other studies have indicated that Florida bass have a higher potential for obtaining trophy size.

Our present state record largemouth bass of 14 pounds 4 ounces is a Florida bass caught in a pond stocked in 1967. By 1981, Florida bass will be used for all farm ponds stocked by the Game and Fish Division. These farm ponds will also help introduce Florida bass into public waters through the natural loss of bass over spillways of ponds and lakes during heavy winter and spring rains. The stocking of 1.5 million Florida bass fingerlings in Alabama will increase the likelihood of an Alabama fisherman catching a trophy bass.

Sam Spencer, Chief of Fisheries, said, "We do not want to completely replace our native bass stocks, but to introduce the Florida bass 'genetics' into our native populations. This is a positive step the Game and Fish Division has taken."

Zion Chapel Rebels Are Optimistic About A Return To State Playoffs

Senior members of the Zion Chapel Rebel football team include (front row, L-R) Blair Hurd, Mickey Nelson, Dwayne Bell, and Terry Brunson. Second row (L-R) Jim Little, Luke Madox, Larry McWaters, Tony Calhoun, and Keith Lambert. Back row (L-R) Mike Ammons, John David Parker, Boyd Deal, Robert Waters, Mike Carley, Jesse Sawyer, and Andy Cape.

Although big shoes must be filled off last year's Area 5 championship team which finished the year with a 7-3 record and made it to the Region 3 finals, Coach David Collins' Zion Chapel Rebels are optimistic about winning consecutive area titles!

Gone from last year's squad are such standouts as Ali-State linemen Chris Sanders, leading rusher Tommy McClain, defensive back Darryl Costner and the entire line - Leslie Hussey (220), Kim Leverett (210), Cecil Aceman (200) and Mitch Maddox (175). Despite the losses, the Rebels are picked as contenders, and could just be in the playoffs when cool weather rolls in.

"We've got the toughest schedule since I've been here," stated Coach Collins, "and on paper it is really tough! We open with Kinston, who has its best team ever, then meet always tough Coffee Springs followed by G. W. Long, who has everybody back from last year. We then go to Louisville and Arton, who is everybody's pick to win it all. New Brockton, who beat us in the spring, is next, and then comes Brantley, always a contender. Our last 3 games aren't any easier because we close out against Houston Academy, Clio and Wickburg, all picked to have their best teams ever!"

The Rebels do return nine starters, including five on offense and four on defense. The returnees are Tony Calhoun (QB), Mike Carley (FB), Jim Little (T), Mike Ammons (T), Andy Cape (G) and (DE), Boyd Deal (LB), John David Parker (LB) and Dwayne Bell (DB). Newcomers expected to help-out include Jeff Ammon, Wilton Pittman, Danny Parker, Robert Waters, Craig Flowers, Chip Kelley, Mark Storey, Tim Brown, Eddie Arnold and Van Deal.

"We've been getting down to fundamentals in fall practice," said Collins, "and we're trying to learn what to do on offense and defense. We stayed in shorts for 4 days to work on our execution, and we put in our basic offense so we'd know what to do before we put on the pads. All the boys have good attitudes and everyone is out to work hard and improve. This is the best bunch I've had as far as attitude is concerned. On offense, we hope to move the ball better than we did last year. We bogged down at times last year and just couldn't find a big play. We're looking for big things from Mike Carley (6-1, 200) at halfback, and have some good back-up backs in Jeff Ammon, Terry Brunson and Walter Adair. We're going to open up the game more and put the ball in the air. Having Tony Calhoun back at quarterback will help tremendously, and we're all hoping to be vastly improved offensively."

"On defense," added Collins, "we hope to be as strong as last year when we had 5 shut-outs. We've done some moving around, but we expect to be strong and hope to be as successful as we were last year. A pleasant surprise in fall drills has been the play of Larry McWaters at defensive-end, and his play has really opened some doors."

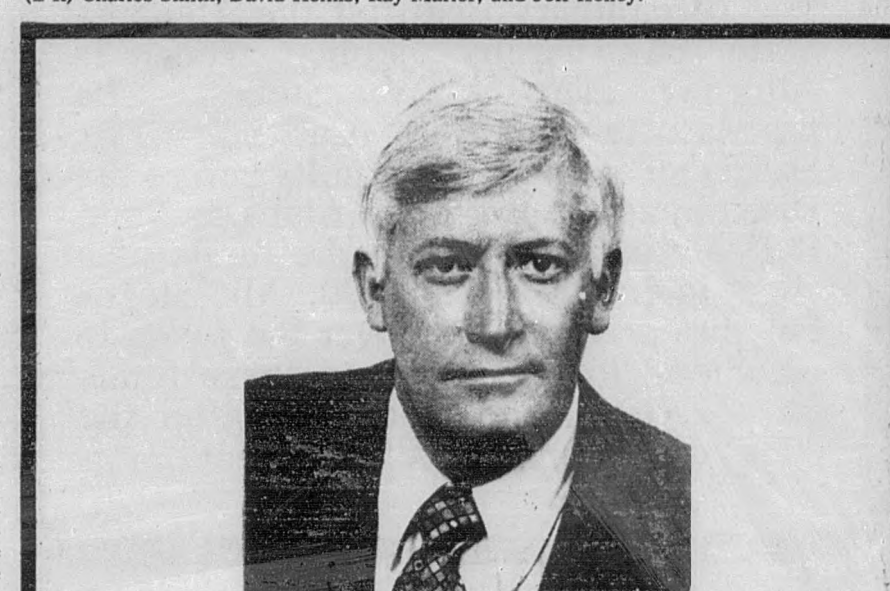

"This week we're working on getting our game plan down," added Collins, "and we'll slack off next week and then start working on Kinston. We'll work on fundamentals some every day. We have a lot of work left, but the boys are willing to work and I think we'll be ready."

1980-81 Zion Chapel cheerleaders are (kneeling, L-R) Pam Gatlin, Vickie Ellison, Marietta Duncan, Judy Helms, and Donna Foley. Standing is Randy White.

Rebel head coach David Collins (kneeling) and his staff. Standing are assistant coaches (L-R) Charles Smith, David Helms, Ray Marler, and Jeff Kelley.
